

Line of Dance

Line of Dance represents "rules of the road" for dancers, and, like our roadway traditions, enables traffic to flow with minimal interference.

Swing or Spot Dancing
Please move to the center,
so you will not interfere
with progressive dancing.

Swing Dancing
in the corners
of the dance floor
is impolite!

If people are
passing you
on your left,
move to the left,
and let them pass
on your right.

Disregarding
these traditions
is not illegal,
but it is impolite,
and it increases
the chances of
collision or gridlock.
