

# *Line of Dance*

Line of Dance represents "rules of the road" for dancers, and, like our roadway traditions, enables traffic to flow with minimal interference.

Insecure?  
Reviewing a variation?  
Visiting?  
Then please  
move to the center,  
where you will not  
interfere with  
traffic.

Swing Dancing  
in the corners  
of the  
dance floor  
is impolite!

If people are  
passing you  
on your left,  
move to the left,  
and let them pass  
on your right.

Disregarding  
these traditions  
is not illegal,  
but it is impolite,  
and it increases  
the chances of  
collision or gridlock.
